CE UltraSpeed Pro[™]

The next generation in CE flat mopping

a brand of
 **FREUDENBERG**

Compact, easier and more efficient!

The most effective and easy to use bucket and wringer system for use on floors, walls and ceilings within controlled environments.

Demands on effectiveness, cost, ease of handling and staff training is constantly increasing. Whatever the cleaning requirements, CE UltraSpeed Pro™ will dramatically increase speed and cleaning performance while decreasing total costs and providing versatility and ergonomics.

Unbeatable performance

Compared to current bucket and wringer systems, CE UltraSpeed Pro™ outperforms them in every aspect. The compact system is ideal for limited storage and is not only lightweight but ergonomic which means no bending to wring mops. The system is easy to use and does not require training. It is designed for use in cleanrooms up to ISO 4-9/GMP A/B, C, D within Pharma, MedDevice, BioPharma, Electronics and Hospitals. The combination of fully autoclavable system parts, low particle shedding Polyester-Microfiber mops and wringing of mops without hand contact offers a high level of hygiene.

Easy to use

- High performance Polyester-Microfiber based mops are pre-laundered and disposable
- Highly absorbent mops with even water release and easy rinsing
- No training required

Efficient

- High performance Polyester-Microfiber disposable mops for an excellent cleaning result
- Independently proven bacteria reduction of 99.997%
- Wringer allows for controlled water release
- Compact chassis with small footprint

Hygienic

- Low particle shedding disposable mops
- Touchless wringing of mops
- Entire system is completely autoclavable

Ergonomic

- Lightweight system, no bending to wring
- Easy gliding mops

Usage

- Floor, wall and ceiling cleaning of ISO 4-9/GMP A/B, C, D

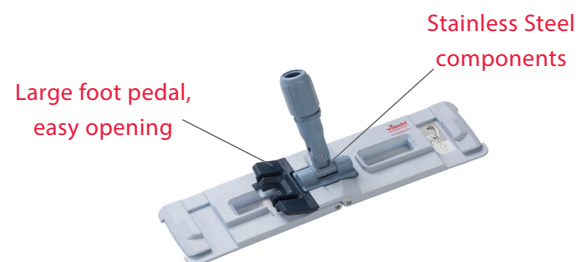

CE UltraSpeed Pro™ Double Bucket System

MicroIntensive™ L - Disposable Mop

CE UltraSpeed Pro™ Frame

High performance mopping the easy way

The CE UltraSpeed Pro™ was developed to be simple to use, flexible enough to clean difficult areas and offer maximum cleaning performance in cleanroom applications such as Pharma, MedDevice, BioPharma, Electronics and Hospitals; up to ISO 4-9/GMP A/B, C, D. The result is a comprehensive floor cleaning system that sets new standards in usability, versatility, efficiency and ergonomics. The benefits can be summarized in a single phrase: performance made easy!

The system for all your needs

The CE UltraSpeed Pro™ mopping system has options to suit all your sites needs. For use from small to large areas with optional ergonomic push bar attachment available. Disposable mops are Polyester and Polyester-Microfiber blend, pre-laundered and offer an intensive cleaning performance due to its special dimpled surface pattern. Mops are easy gliding and have low particle shedding in use.

CE UltraSpeed Pro™ features

- ✔ Kit includes two buckets with flat mop wringer and chassis
- ✔ Lightweight, double bucket system allows for separation of dirty liquid and clean liquid, minimizing cross-contamination
- ✔ Touchless wringing of mops
- ✔ Small and compact chassis, minimal storage space required
- ✔ Changeable color coding clips within the buckets and handles
- ✔ Completely autoclavable with all stainless steel parts
- ✔ Highly durable and withstands all common disinfectants and autoclave cycles

Vileda Professional – a part of the Freudenberg Group

Vileda Professional provides innovative cleaning solutions and systems for professional users in various application areas, such as General Building, Healthcare, HoReCa and Controlled Environment. With sales offices in all major European countries, in North America and Asia – and with a wide net of representatives – we are well located around the world. Vileda Professional belongs to the Freudenberg Group – a diversified family-run global company, headquartered in Germany.
